## About Us

We, Jogi Engineering Industries, have more than 4 decades of valuable experience in the domain of developing Candle Making Machines, Chalk Moulds and Camphor Making Machines. We have experienced and dedicated team of designers and other skilled staff who also hold the hands on experience in this field. They develop the range as per the technical specifications given by the patrons. Also, they are in close link with the buyers to understand their exact requirements and deliver the best products and solutions to them. Besides, we are available for our customers services 24 hours a day and 7 days a week. With all the efforts of our firm towards client satisfaction, we have placed ourselves at the pinnacle of this competitive marketplace.

We are the renowned manufacturer, exporter and supplier of Candle Making Machines, Chalk Moulds and Camphor Making Machines, which is available in both standard and customized finishes. The product is developed using the finest grade raw material and advanced technology. It is known for its high durability, long working life, good production quality, high production efficiency, simple design and easy operation and maintenance. Our entire array is used by many reputed candle, chalk and camphor manufacturers. Besides, the properly packed and quality tested products are delivered to clients doorstep in a scheduled period of time.
